## LETTER OF RECOMMENDATION

### To Whom So Ever It May Concern

I would love to recommend my student  
(Year 2020-21) in your institution for Higher Studies. He has been an excellent student throughout his schooling here. I have interacted with him a lot and based on these interactions, I present to you my impression of him.

I found him showing a lot of interest in every subject. He always tried to flourish and enhance his knowledge of the subject. He also possesses great proficiency in English. During my contact with him, I found him with great emotional maturity and motivation to work that is required for any student. He mixed well with his fellow-mates. He certainly had good moral and high team spirit. He has studied throughout in English medium during his entire education period in this school.

He will surely justify his presence and live up to his responsibilities and commitments at your institute.

I strongly recommend him for admission at your reputed university.

I wish him good luck for his future.

  
Mrs. Monalisa Das

## **Letter of Recommendation for** **To whom so ever it may concern**

had been a student at our school since 9 grade, and it was wonderful experience to watch him grow into a kind, responsible and caring student. Over the past two years, he has proved himself inside and outside the classroom, winning the hearts of his teachers and classmates alike. His friends are quick to describe him as a brother rather than a friend. His teachers are also fond of him and consider him a good student with a sharp, creative mind.

Over the years, had showed himself as someone greatly interested in the people around him, very empathetic, and always looking to contribute. He had come up with several new and innovative ideas for various school events. From tests to competitions, was always at the forefront, willing and eager to participate, while also remaining humble and honest throughout his learning experience. He had consistently performed well in the sciences and was an excellent artist with great visual skill and a wonderful portfolio of diverse work. He was also a passionate about chess arts and craft for two years before he was forced to stop in order to focus on his academics. He was also recognized for his leadership and responsibility and made a member of the discipline committee for one year.

I feel that has the passion, dedication and the creative ability to pursue any dream of his choice and feel glad that he has chosen one that combines his love for Science and Maths. I am sure that he will accomplish great things and have a very successful career.

I wish him all the best for his future.

Mrs. Suvarna Manure

## **Letter of Recommendation for** **To whom so ever it may concern**

I hereby submit the recommendation letter for \_\_\_\_\_ I have tutored him for 2 years at BAPS Swaminarayan Vidyamandir, Raysan- Gandhinagar for English as one of the main Subject. He has exhibited excellent performance in the year (2020-2021) in Higher Secondary Examination. He has studied throughout in English Medium during his entire education period in the school.

\_\_\_\_\_ was highly enthusiastic which exemplified his strong academic performance. He was an active participant in class discussions and had consistently exceeded in most of the areas of his coursework. Throughout the course, I have seen him taking an effort upon improving himself. He explained his views very clearly. I have had ample opportunities to determine his talents and he had shown an outstanding interest in all scholastic pursuits too.

As in addition to academics, he had volunteered for Science week and English week. He had displayed good leadership skills during the event. He is a student who, works very hard towards the fulfillment of any responsibility he undertakes.

I strongly recommend \_\_\_\_\_ for the further studies in your reputed institute. I am confident that you will find him to be a student whose talents will shine for the further studies. He will continue to demonstrate the same diligence, perseverance, and optimism that he has shown in our institution.

With Best Regards,

*Archana Sharma*
